

AWNING AND CAMPING TIEDOWN ROPE

A multifunctional tiedown rope that secures awnings and camping gear while providing ambient lighting.

BENEFITS

The innovative tiedown rope enhances your outdoor experience by securely attaching awnings, tents, and camping gear while providing ambient lighting for improved visibility and atmosphere. With an impressive 80kg tiedown capacity and a versatile 6-metre length, it is suitable for a wide range of setups, ensuring stability and security for your equipment.

This waterproof and durable rope is designed to withstand various weather conditions, making it an excellent choice for camping, hiking, or outdoor events. Available in two versions—USB-C powered at 5W and battery-operated at 3W—it offers flexibility in lighting solutions. Constructed from high-quality materials, this multifunctional tiedown rope combines practicality with innovative features, elevating your outdoor adventures.

SPECIFICATIONS
